THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know.

The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

THE CZAR AND WITTE.

M. Witte, after his audience of the Emperor of Russia at Peterhof, returned last evening to St. Petersburg and drove directly to the foreign office, where he was closeted for three hours with Foreign Minister Lamsdorff.

A sensational report was current early this morning that M. Witte might not go to Washington after all. According to the story his audience of the Emperor was anything but smooth, the Czar rather resenting M. Witte's plain spoken ideas, and indicating that under the circumstances he would prefer that Baron Rosen should act as chief plenipotentiary. The Emperor is even said to have intimated that Count Lamsdorff exceeded his authority in officially announcing to the Washington government that M. Witte would occupy the first position.

M. Witte is said to have left the Emperor in an ugly frame of mind, and to have frankly informed Count Lamsdorff that it would be impossible for him to undertake the mission. It was only by the greatest effort, the story says, that the Foreign Minister succeeded in persuading him not to flatly refuse, and the question as to whether he would go to Washington is said to be still open.

At Witte's personal solicitation M. Korotovitz, one of the ablest young diplomats who formerly was secretary of the Russian Legation at Peking, will be attached to the Russian mission.

Spontaneously all parties recognized that M. Witte's selection made for a successful termination of the peace negotiations. The mere fact that the Emperor at last yielded to the pressure for Witte's appointment was accepted as being complete assurance that he was sincerely determined to end the conflict and make peace if a possible basis was obtainable. Every influence which championed M. Witte was for peace, while, on the contrary, in every instance those who opposed him were for a prolongation of the struggle.

France, through Ambassador Nalidoff, strongly urged him for the post, but the main credit for M. Witte's selection belongs to Foreign Minister Lansdorff, who never ceased to press for his selection. Count Lamsdorff and M. Witte are now in close alliance, and when M. Bouligin retires from the ministry of the interior all the ministers will at least be in harmony, especially should Prince Sviatopolk Mirsky return to the head of the ministry of the interior.

The Russian Troubles.

The Russian authorities are exerting their utmost to conceal the fact of the growing dissensions and, in several instances, open rebellion in the army.

A regiment of sappers stationed at a small village in the mountains near Tiflis, Caucasia, has rebelled, and it is reported the soldiers have murdered all the officers and joined the revolutionists.

The situation is daily becoming more critical, and it is said the Czar, urged on by the autocracy, will make General Trehoff minister of the interior in the hope that his policy of oppression and tyranny may be successful. Trehoff, though realizing that he is marked by the terrorists, is utterly fearless.

The government consorship, now under his direction as assistant minister of the interior, has been revived with all its pristine vigor. A blanket order has been issued positively prohibiting the publication of any news relating to strikes, disorders or revolutionary activity.

A band of terrorists fully equipped to manufacture bombs and forge passports was captured in a house near the Fontanka canal Thursday night. The police surrounded the building occupied by the desperadoes, but the inmates fought them off with revolvers. After the police had received reinforcements the whole gang was made prisoners. Several of the policemen were wounded.

The St. Petersburg correspondent of the London Daily Mail says that the threatened famine in central, eastern and northern Russia will far surpass those of 1891 and 1897. The crops of winter and summer grain, peas, beans and cattle food have totally failed. The misfortune is increased by the fact that all able-bodied men have been summoned to join the reserves, women, children and aged men alone being left. The women in many villages have marched in bodies to the police stations, which are the temporary quarters of the reservists, and demanded that their husbands be restored to them. The government is doing nothing to relieve the distress, despite the repeated representations of the zemstovs.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Gibson & Timberman and W. F. Creighton & Co.

AND VIRGINIA ADVERTISER

SATURDAY EVENING, JULY 15, 1905.

JOHN D. ROCKEFELLER, the richest man in the world, last night, as is his custom, when at home in Cleveland, O., attended prayer meeting services at the Euclid Avenue Baptist Church. The topic of the meeting was "Character Building." A dozen prayers by different worshippers were silently joined in by Rockefeller, who bowed his head on the chair in front of his. A number of persons [had testified] when Rockefeller arose and said:

I have been greatly helped and inspired by the testimony of those here tonight. The way for all of us to do christain work, is for each to do according as he hath. There are men who appear equally zealous in the cause of Christ—but one is more effective than the other. The thing to do is to find out the secret of the effectiveness of the one. The beginning of the application of our christianity must come now, tonight and tomorrow morning in our homes, or in the office. Sometimes it has seemed to me that I might advance the christian faith by assisting in the endowment of chairs in theological seminaries. The world needs teachers of the faith. However humble we may be, whatever our place, it matters not, we can show the best side. We must show the most winsome and convincing side. In fact we must show that we love God. It may be a trivial thought and perhaps I cannot express it as I desire to do, but I must tell you. In making out manifestations of Christian faith, we must do that which counts most. This may be only a simple word or a cordial handshake. The world is a rushing, pushing throng. Every one seems to be striving to get ahead. It is a sweetly comforting thought that the requirements of God are only according as he has given us, ability to do. It is a blessed encouragement that every one of us can have a part in this Christ building, not only ourselves but for the upbuilding of the church, of God. How blessed, how God-like it all is. I thank you.

While Mr. Rockefeller, as a citizen of the kingdom of heaven, is placed on a plane with the humblest believer, the example he is setting could be followed by others of the same class with profit to themselves and hearers.

THE disclosures of the secret service agents have destroyed public confidence in the government's crop reports. In the opinion of many the Department of Agriculture might just as well "shut up shop" so far as crop reporting is concerned, and the elaborate plan of the secretary to safeguard information in future will do little toward restoring confidence. Charges of false reports of acreage and condition of the tobacco crop, through the instigation of the tobacco trust, have been added to those of a cotton crop "leak," made against the department. Pending an inquiry the publication of tobacco statistics of several districts will be held up, although the regular monthly figures by States will be given out on Monday. The inquiry now in progress has been placed by Secretary Wilson under Statistician Hyde. There is persistent dissatisfaction with Mr. Hyde, not only as regards the management of such an inquiry, but as regards his retention in the crop reporting service. Cotton and tobacco producers are determined that Hyde shall be forced out if possible.

AS ANTICIPATED, the report sent out from Richmond that Mr. Thomas F. Ryan was laying wires to succeed Senator Daniel, was but an idle story. In New York yesterday Mr. Ryan had this to say of the report that he hoped to succeed John W. Daniel as Senator from Virginia:

I am aware of my many weaknesses, but political ambition is not one of them. As to the successor of Senator Daniel, of Virginia, the people of that State will reserve to themselves that old democratic custom of making their own Senators in Congress, and you will have to ask them regarding that matter.

PRESIDENT ROOSEVELT is firmly of the opinion that there would have been no deficit in the Treasury during the past fiscal year if the government had been conducted on absolute business principles. The deficit was nearly $25,000,000 and he believes that more than that amount might have been saved if the government could have been conducted with all of the minute and exacting system and economy of an up-to-date private business establishment. But in this idea the President is not in accord with his party, which is people while opposed to economy in any form.

TODAY is St. Swithin's day, on which, according to the old prophecy, if it showers 40 days of rainy weather will follow. The forecast is interesting, predicting "fair tonight and Sunday, with moderate temperature; light west to north winds." As it has rained nearly every day during the past forty a little dry weather now would not go amiss.

A NUMBER of husbands were before the bar of the Criminal Court, in Baltimore, yesterday, on the charge of deserting their wives, and were all released on promises to pay their several wives so much per week. The desertion of wives is getting to be a common occurrence nowadays.

THE PIEDMONT VIRGINIAN, published at Orange, is offered for sale by its publisher, Mr. A. F. Stofer who states that he wishes to retire from the newspaper business. The Virginian, which is one of the best weeklies in the State, has been published by the Stofers for many years past, but the life of a Virginia newspaper published nowadays is not a bed of roses and doubtless many others would retire from the business if they could.

The people and the State of New Hampshire have asked for and been granted the honor of entertaining the Russian and Japanese peace plenipotentiaries during the period of their conferences at Portsmouth. The finest available hotel accomodations will be furnished the distinguished visitors, free carriage will be placed at their command, and various forms of entertainment provided for them and the citizens of the Granite State will foot the bills. This arrangement is the result of a conference recently held at the Department of State between the Secretary of the State of New Hampshire and Assistant Secretary of State Peirce. New Hampshire's Secretary announced that that State would consider it an honor to have the peace negotiators as its guests and promised that they should be furnished with such entertainment as befitted their personal dignity and the importance of their mission. The offer has been accepted and Assistant Secretary Peirce is now in Portsmouth making the final arrangements in cooperation with New Hampshire's representative. The plenipotentiaries with their respective suites will be lodged in the Hotel Wentworth, one of the handsomest hotels on the New England coast and of modern construction. It is situated near the river on the outskirts of the town of Portsmouth. It is possible that the whole of the hotel will be reserved for the use of the peace commissioners, or at least several floors. Probably never before in the history of the making of peace treaties have the negotiators received similar handsome treatment from the country in which they assembled to define the terms upon which war should cease. Very little real expense will be put upon the United States federal government through the decision of the belligerents in the far East to discuss peace in this country. The United States has placed a government building in the Portsmouth navy yard at the disposition of the negotiators. The Mayflower and Dolphin will convey the commissioners from New York to Oyster Bay on the day that the President will introduce them to each other. The two boats that will be assigned to their use during the conferences would be employed on other duty if not here. It is probable that there will be one or more State dinners or receptions given by the President to the commissioners at some time during their stay in this country. All expenses of this sort and such others as may become necessary will be met by drafts on the $75,000 emergency fund of the State Department. They will probably, however, not amount to more than a few hundred dollars.

Two additional cases of yellow fever were reported from the isthmus today. The death of G. H. Harper, of Texas, taken sick July 6th, is also reported. He was a clerical employee in the department of goverment and sanitation.

The Navy Department will establish immediately a school of instruction for newly appointed assistant paymasters. The school will be located in this city and the first course will begin on August 1st.

The War Department has been informed of the death of Captain Napoleon J. T. Dana, U. S. army, retired, at Portsmouth, N. H, today from apoplexy.

President Jordan and Secretary Cheatham of the Southern Cotton Growers' Association and Col. Henry G. Hester, secretary of the New Orleans Cotton Exchange, held a conference this morning at the Ebbitt House, at which they agreed to insist that Secretary Wilson of the Agricultural Department shall issue a revised acreage cotton report, covering the planting season. The last report given out when Edwin S. Holmes was associate statistician is alleged to have be tampered with and if this is true it would be a false report. The three cotton men have also agreed to render any possible assistance to Acting Attorney General Hoyt and United States Attorney Beach in the investigation of the Agricultural's Bureau of Statistics. Jordan got some valuable information from the New York Cotton Exchange yesterday and will return there tonight to continue his inquiries. He has not yet visited Oyster Bay.

The National Wholesale Lumber Dealers Association with headquarters in New York City has brought two complaints before the Interstate Commerce Commission, one against the Atlantic Coast Line and other railroads operating in the territory south of the Potomac and Ohio and east of the Mississippi rivers, and the other against the Pennsylvania and other railroads operating north of the Potomac and Ohio and east of the Mississippi rivers. The complaint against the roads is that the shippers of lumber are obliged to spend $6 a car for racking the lumber on flat cars, which the railroads really ought to pay, but for which they allow a differential of but 500 pounds per car, which is not sufficient. The complainants aver that the regulation in question results in unreasonable and unjust charges.

The Japanese legation this afternoon received the following official advices from Tokio: "The Sakhalin army reports that on the tenth our troops, pursuing the enemy, dislodged him from Vladimirovka and vicinity. He retreated to fortified positions in the northwest where he made stubborn resistance with field and machine guns. On the 11th our army commenced a vigorous attack, finally routing the enemy toward Mauka at dawn of the 12th. The Russians lost about 150.

No indication has been received by the State Department from United States Ambassador Myer at St. Petersburg, Russia, that there has been any disagreement between M. Witte, recently appointed senior Russian peace plenipotentiary, and the Czar. State Department officials are disinclined to believe the unconfirmed reports from St. Petersburg that M. Witte, because of differences between him and the Czar, has asked to be relieved as senior peace plenipotentiary. If such had been the case it is thought Ambassador Myer would have informed this government without loss of time.

U. S. Consul Anderson at Amoy, China, reports that a recent cargo of American flour delivered to Chinese importers caused many deaths in Amoy and the big city of Changchau, apparently through the presence of morphia poison. The first death occurred in Amoy, where the flour was used by a restaurant keeper. One customer died within an hour after eating noodles made of the flour, and when his relatives informed the restaurant owner the latter, with his wife and daughter, ate some of the food to prove its harmlessness. They died in a short time. Numerous deaths were reported in the two cities and the great district of which they are the commercial center. Some foreigners are reported to have died. Mr. Anderson believes morphia smugglers secreted their wares in the flour and were unable to withdraw their goods. The Chinese have become highly suspicious, however, and refuse to buy American flour, believing the poisoning to have been intentional on the part of the shippers. The consul has requested the authorities to issue an explanatory proclamation and suggests the shipment of American flour in sealed packages. The cargo reached Amoy via Hongkong.

D. W. Miner, a dealer in beer and pork products at Providence, R. I., in a complaint before the Interstate Commerce Commission against the New York, New Haven and Hartford Railroad Company, avers that the railroad declines to deliver his merchandise at the Canal street yard, where his place of business is situated, carrying it to the west yard, a half mile distant, although delivery is made direct to his competitors at the Canal street yard. He says that this discrimination is intentionally made to favor his competitors and should be abolished.

Wilkes Booth stabbed him after leaping from the President's box to the stage and a detective arrested him. In the confusion of the moment many in the theater believed Withers fired the shot that killed Lincoln.

Politics played no small part in causing the investigation of the Government Printing Office and the scandals which had arisen over the recent purchase of type-setting machines. Oscar J. Ricketts, foreman of printing, admitted yesterday that he had consented to become a candidate for the place of Public Printer upon the understanding that Public Printer Palmer is to go. Ricketts made a protest against the purchase of Lanston machines by Palmer, and it was this action which caused the President to order an inquiry.

It is said that an amicable agreement will be reached.

The corner's jury in Norfolk yesterday acquitted Town Sergeant Taylor, of Cape Charles, of blame for the killing of the crazy negro, Gilmore Robb. Robb had been working on the Eastern Shore and got on the steamboat Pennsylvania to go to Norfolk. He flourished knives and terrorized the crew and passengers till Taylor was summoned to arrest him. He threatened Taylor and was shot in the neck. Robb was taken to Norfolk and died in St. Vincent's Hospital as the result of the wound. There was evidence that Robb had been declared a lunatic by a commission but had not been sent to the asylum, because his friends protested that he was harmless.

Suicide Follows Divorce.

Jersey City, N. J., July 15.—At his home in this city this morning, Louis J. Apgar, a wealthy retired grocer, committed suicide, using a revolver. Yesterday afternoon Vice Chancellor Garrison, after a trial lasting four days, awarded a decree of divorce against Mrs. Clara English Myers, wife of a New York envelope manufacturer, who lives in a handsome house at No. 104 Gifford avenue, the most exclusive section in Jersey City. Apgar was named as corespondent, the couple having been trapped in a room at the Hotel Albert, New York, on February 8, last. The divorce case created a tremendous sensation in Jersey City. Mrs. Myers was prominent in club circles. She is a member of the Woman's Club and a member of the smart set on Jersey City Heights. Her spiritual adviser, Rev. Dr. Herr, pastor of the First Presbyterian church, testified in her behalf. The highest priced lawyers in the State of New Jersey fought the case out before Vice Chancellor Garrison. After the decision yesterday counsel for Myers intimated that a suit for $50,000 damages for alienating the affections of Mrs. Myers, who is 43 years old, would be instituted against Apgar, who is sixty years old. Apgar is survived by a wife and two adult daughters.

Murderer Still at Large.

Boston, July 15.—John Schidlofski, suspected of the murder of his wife, Marianne, whose mutilated body was found near the Arlington Golf Course, at Belmont Thursday afternoon, with the head almost completely severed, is still at large, having blocked the carefully laid plans of the Massachusetts State police when he failed to arrive in Chicago yesterday afternoon on the train which left Boston at 12:30 p. m., Thursday. It appears from the stories of Schidlofski's friends that the murdered woman was not his first wife, but that she was his third, he having been married three times during the nine years he had been in the United States, once in St. Louis, again in Philadelphia, and a third time in Brockton, Mass. What has become of the women who participated in the marriage in St. Louis and Philadelphia has not been ascertained.

Accident to a Flyer.

Harrisburg, Pa., July 15.—The Pennsylvania flyer, the new 18 hour train between Chicago and New York, struck a wrecked freight train while running at top speed, west of Port Royal near this city, at 5:07 this morning. The flyer remained on the track, and nobody was injured but the engineer of the flyer. A westbound freight train was halted suddenly so that it buckled, and one of the cars was thrown across the passenger track. Just then the passenger train appeared, and before it could be signalled, it struck the derailed car, and hurled it from the track. The engineer, Colvin Miller, of this city, jumped when he saw the obstruction, and was hurt about the head and back. Fireman Garman, of Harrisburg, stopped the train and afterward brought it to this city. The passenger engine was slightly damaged.

Weds Girl His Father Opposed; Cut in Will.

Pittsburg, July 15.—By the will of his father, Jacob S. Reymer, made four days after his marriage, Samuel S. Reymer is left only the income on $20,000. His father's estate aggregates $370,000. The bulk of the estate is left in trust for the widow, the income to be used during her life, and at her death the residue of income and principal goes to the only daughter. Samuel S. Reymer affronted his father by marrying the daughter of a mine carpenter, whom the elder Reymer did not consider the equal, socially, of his family. The young woman danced at a carnival given by the Elks several years ago. The son took his bride to Denver. He has not returned.

Boy Husband Torn from Bride.

Kalamazoo, Mich., July 15.—A boy and girl romance had a tragical termination here yesterday, when Delbert Preston, 15 years old, was torn from the arms of his girl bride, formerly Pearl Catherman, and lodged in county jail on the charge of perjury in giving a false age when securiug the license. Preston and Miss Catherman, the latter but 17 and a charming girl, said their ages were 19 each. J. Edin, an uncle of the youth, saw the license in a paper and notified the sheriff. The court will be asked to annul the marriage, but the young couple declare they will be married again when the boy is old enough.

Another Anti-Semitic Outbreak.

Berlin, July 15—Prominent Jews here have received letters from Jewish leaders in Russia to the effect that anti-semitic outbreaks have occurred at Josefow in the province of Lublin. A mob of 3,000 persons, many of whom were women, made an attack on the Ghetto, wrecking and plundering over 200 dwellings of Jews. The owners of the houses and their families when they fell into the hands of the rioters were cruelty maltreated. Fierce fighting took place at times when Jews tried to defend themselves. The casualties are reported at two killed and 110 wounded. Some of the injured are expected to die.

Revolutionists Killed.

Vienna, July 15.—Dispatches from Cracow, Poland, say that while Polish revolutionaries were holding a secret meeting at Bialystock, a small town of Poland, a large force of police entered the building from the rear. As the police appeared in the doorway leading to the hall, a shot was fired at them by one of the revolutionaries. The police responded to this shot by firing three volleys into the hall. Five of the revolutionaries were killed, and more than 100 were wounded by the volleys.

Big Coal Combine.

Race Riots.

New York, July 15.—The race riots in which more than a score were injured last night, on the West Side, in the district known as San Juan Hill, broke out sporadically this morning in spite of the police, who swarmed through the scenes of the disorders. Trouble of a serious nature is anticipated this afternoon and this evening. Police Commiasioner McAdoo in command of the reserves, remained in the district on duty all night. A mob of nearly a thousand men early today chased Joseph D. Thebbs a negro was shot down a white man in Ninth avenue between Fifty-sixth and Fifty-seventh streets. He was thrown to the ground by a policeman and a revolver taken from him. The mob surrounded the policemen under the negro and showered them with bricks and stones. Honolulu, July 15.—Speaking at a luncheon given in his honor yesterday afternoon, Secretary Taft, in response to an address of welcome, said the best way to handle the insular affairs of the United States would be through a bureau having under its control the Philippines, Hawaii, Porto Rico and Alaska. The secretary endorsed Gov. Carter's administration and expressed the belief that Carter would withdraw his resignation.

SENATOR DANIEL'S ANSWER.

The Washington correspondent of the Richmond Journal says:

Senator John W. Daniel has expressed himself as follows in reference to the letter written to Colonel R. N. Harper by Representative William A. Jones, in which the latter accused Senator Martin and his friends of claiming for him credit that was due Senator Daniel.

"I gave out an interview some months ago, in which I said that Senator Martin had never claimed credit for what he did not accomplish, and that I have always found him exceedingly generous in such matters. I have seen no reason to alter my opinion since then. Senator Martin's ability in the Senator has not been overrated or overstated. What I said in that interview I can reiterate now."

Shown the interview given out by Representative Hay last night, in which that gentleman replied to Mr. Jones's statements, Senator Daniel said that the statements therein made were true, so far they affected him.

The opening session is set apart for the Sunday schools of Loudoun and adjacent countries, and on Friday, August 4, the Loudoun county W. C. T. U. will conduct the exercises. The influence of these meetings has created a great sentiment in northern Virginia for temperance and prohibition.

Supposed Suicide in Richmond.

Muscoe Russell Pace, jr., lies dead at his home in Richmond with a bullet in his brain. Whether his death was the result of accident or intent will never be known, but the opinion of the coroner is that he took his own life. The probable cause of the act is loss of his position as a messenger of the Southern Express Company and the consequent interference with his plans to marry. Young Pace, who was the son of M. R. Pace, a man prominent in Richmond labor circles, was alone in his room when the shot that killed him was fired. His father, attracted by the report, found him dying on the floor. He was accustomed to carry a revolver, and his family think it was accidentally discharged while he was putting it in his valise.

In his pocket was found a letter from his superior officer, K. C. Barrett, of the Southern Express Company, notifying him that his services were no longer required. No reason was given. His record is said to have been an admirable one. He had been for some years with the company, running from Richmond to Charleston, S. C.

Murdered His Wife.

At an early hour yesterday Mrs. Daniel V. Gray, the young wife of a saloon keeper of Detroit, Mich., was fatally stabbed as she lay in bed in the couple's apartments upstairs over the saloon. Frank Gray, a brother of Dan, was awakened by the woman's screams, and as he rushed to her room met Dan, who handed him a bloody jack knife. It was a knife Dan had borrowed from Frank. "I've done something," Frank says Dan said to him, as he disappeared. The woman was stabbed once in the middle of the chest twice in the left breast, and once in the left arm. She died half an hour later at Emergency Hospital, without recovering consciousness enough to talk. Jealousy is said to have caused the tragedy. Gray was arrested several hours after the crime on Cadillac Square. He said at the police station that he and his wife had quarreled over his habits.

A Correction.

To the Editor of the Alexandria Gazette.

Dear Sir—A great mistake has been made in your paper concerning stolen property being found on my premises. It is all erroneous. Yesterday morning about half past four I was in my yard splitting wood, when a man stopped at the fence and asked me if I saw a man pass with a big sack. I answered "no." He said he had been watching from 3 o'clock until then. There were three empty boxes found in a vacant lot back of my house, and a colored woman named Frances Ware found two boxes under a doorstep in the neighborhood, and I told her she had better notify an officer and she did so. No officer has been in my house to search for anything.

HATTIE DOUGLAS.

[The statement in yesterday's Gazette was substantially as that made to the station house, but an officer this morning gave a correct version of the affair, which agrees in the main with the statement made above. It is therefore just that this correction should be made in the same public manner in which the item appeared.]

The Marquis Villaverde, former premier of Spain, is dead.

Serious Charge Against a Captain.

Harry Randall, captain of the steamer Wakefield, was arrested on that steamer at Reardon's wharf this morning by Alexandria officers charged with causing the death of William Crawley, colored, a hand on that steamer, last night while the boat was at Washington. Lieutenant Smith was notified of the occurrence by Capt. Boardman, of the Washington police department, and when the steamer reached this city Officers Beach and Gill boarded the boat and approached Randall, who refused to accompany them without they produced a United States warrant. Officer Gill telephoned to the station house for instructions, and Lieutenant Smith, after consulting with Commonwealth's Attorney Brent, proceeded to the wharf with Officers Knight and Sherwood and searched the steamer for the accused. Randall was still averse to accompanying the officers, but finally complied with their demands. He was in a confused condition, and asserted that Crawley fell overboard; also that the dead man attempted to clean up the steamer, but when asked to give details was unable or indisposed to comply with the request. Sergeant Deane and Officer Cooper, of Washington, later arrived here on the police boat, and subsequently Detective Tyser reached here. Randall announced his readiness to accompany them and they having placed him aboard the police boat took him to Washington. One version of the affair is to the effect that the drowning was the outcome of previous trouble between Randall and Crawley, and it is said that the former made an attack upon the colored man last night, and that Crawley, fearing he would be killed, jumped overboard to escape from his assailant. It is said by some, however, that Randall knocked the colored man overboard. The body of the colored man was recovered this morning,

The New Ferry.

Mr. John Callahan, general manager of the Norfolk and Washington Steamboat Company, has returned from New York, where he went to look for a double-end boat for temporary service on the route between this city and Washington, while the new steel boats are in process of construction. Mr. Callahan saw a steamer there suitable for the service and entered negotiations for the purchase of the boat, but the negotiations are still pending. The boat, it is understood, is a large one and in every way suitable for efficient service. If she is purchased she will be used as an auxiliary steamer when the new boats are completed and in service.

The work on the new slip at this place is still being prosecuted vigorously. Piles have arrived, as well as most of the other materials needed. The ferry house has been removed north to a point within about seven feet of the building line of King street. The former site has been filled in and the approach to the boats is in an advanced stage. When it shall have been completed the same will be paved with vitrified brick and a shed erected over it.

Mr. Caton.

The legislative situation in Alexandria city and county is becoming extremely interesting. When Hon. Jas. R. Caton announced himself a candidate for the Lieutenant-Governorship, it was accepted as a declaration that he would not be a candidate for re-election to the House of Delegates. Mr. George R. Boteler, of Alexandria county, then announced himself for the House, and this announcement was followed in due season by one from Mr. John H. Trimyer, of Alexandria city. It is also said that Mr. Charles Bendheim, who several years ago represented the city and county in the House of Delegates, will also be a candidate. After Hon. J. Taylor Ellyson declared himself a candidate for the Lieutenant-Governorship, Mr. Caton withdrew as a candidate for that office. He did not feel at liberty, however, to antagonize those who had announced themselves for his old position as representative, and thus finds himself, by a peculiar combination of circumstances, retired to private life. Mr. Caton is a man of much ability, and will doubtless be heard from in future contests.—[Fairfax Herald.

Baptism services will be held at the Baptist Church tomorrow night after the regular service.

More Heavy Rains.

Yesterday's heat was followed toward the close of the day by cloudy conditions and later by a succession of heavy showers of rain. There were lightning flashes and muttering thunder for over an hour before rain fell. About half-past eight o'clock the wind suddenly veered from the south to the northwest, and the clouds which had been emptying themselves north and west were wafted over this city. One of the river steamers had landed a large party of excursionists, most of whom were women and children, and there was a hasty scampering in every direction, some heading for their homes and others for nearest sheltering places. The rain continued with occasioned lulls until nearly eleven o'clock. There was considerable vivid lightning and thunder. Dispatches from many places north and west of Alexandria represent the storm as having been severe and in some instances considerable damage followed.

Body Identified.

There is now no doubt as to the identity of the body of the man found in Burkhart's woods, near Jessups, Md., on July 5. Evidence secured yesterday shows that the unfortunate man was Job Archer, an employe of the of Old Dominion Glass Works, of this city. The clue which led to the identification of the body was an envelope, found near the place where the body was discovered, addressed to Job Archer, esq., Alexandria, Va. Archer was about 36 years old and was a glassblower. He boarded with Mr. Reeves, at Fairfax and Montgomery streets, in this city. On June 10 he was given his wages by the Old Dominion Glass Company and on June 15 he left this city, since which time nothing has been heard from him. The manner in which Archer came to his death is still a mystery. When he left this city on June 15 he had $40 in cash in his pocket. He was married and has a little daughter. His wife resides in Philadelphia.

I. O. O. F.

At a largely attended meeting of Potomac Lodge, No. 38, I. O. O. F., held last night, the following officers were installed by District Deputy Howard Brunner, of Falls Church, assisted by Past Grand Master D. R. Stansbury and others: A. H. Mitchell, Past Grand; H. Friedlander, Noble Grand; A. J. Hall, Vice Grand; L. Morgan Davis, Treasurer; Edgar Lyles, Chaplain; W. W. Sherwood, Recording Secretary; W. E. Latham, Financial Secretary; John T. Watkins, R. S. to N. G.; James R. Mansfield, L. S. to N. G.; J. W. Wills, Warden; W. H. Yates, Conductor; Fred. Bartlett, I. G.; E. L. Crump, O. G.; E. C. Lyles, R. S. S.; M. Spiro, L. S. S.; Chas. R. Davis, R. S. to V. G.; Harry Arnold, L. S. to V. G. The lodge was reported in a good financial condition with a membership of one hundred and fifty-five members.

Killed by a Train.

Roscoe E. Underwood, about seventeen years old, son of Mr. John Underwood, who formerly resided on south Fairfax street in this city, was struck by a train and killed in Washington last night. The unfortunate youth was employed as a messenger by the Pennsylvania Railroad Company and was on the train known as the "Annex" and stepped off to the southbound main track under the Pennsylvania avenue bridge and was struck by a passenger train. He was injured about the head and back. He was taken to the Providence Hospital in a laundry wagon of the Pullman Car Company and died shortly after his arrival. His father was in this city today making arrangements for having the remains interred here.

Police Court.

The following cases were disposed of this morning:

Bertie Grigsby, colored, arrested by Officer Arrington charged with stealing a gold ring, was fined $5.

James Griffin, jr., arrested by Officer Patterson charged with vagrancy, was sent to jail for 30 days.

Herbert Hansborough, arrested by Chief Webster charged with assaulting Harry Daniel, was dismissed.

Samuel Smith, Logan Smith and Robert Saunders, all colored, charged with disorderly conduct and fighting, were fined $5 each. Charles Gray and W. H. Skinner, also colored, charged with similar offenses, were dismissed.

Death of J. Owen Kerby.

Mr. J. Owen Kerby died at his home in Fairfax county last night. The deceased had for some time been a sufferer from a complication of diseases. He was in his 69th year, and leaves eight children—three sons and five daughters. Mr. Kerby was a native of Maryland, but during the past forty-three years had resided in Fairfax county, having located there in 1862. For a number of years he was a Justice of the Peace for Fairfax county. During his long residence in this vicinity he had become well-known to most Alexandrians, as he made frequent visits to this city. The funeral will take place tomorrow afternoon from Groveton Chapel, and the interment will be at Woodlawn.

Made Weapon From Lead Pipes.

That "Big Casey," who is in jail in Manassas awaiting trial charged with breaking into the National Bank at Manassas last fall and who was indicted by the federal grand jury in this city last Monday, is a man who will bear watching is evidenced by the receipt yesterday by Sheriff F. C. Rorabaugh of an ugly-looking instrument and a letter of explanation from George H. Rucker, clerk of Alexandria county, in which he says that the lead of which the weapon was made was scraped from the pipes in the jail.

The Market.

The market this morning was tolerably well supplied with country produce, and prices had undergone no marked changes from those of last week. Tomatoes, however, becoming more plentiful and lower in prices. People from lower Fairfax county who were in market this morning say the recent rains have swollen the streams considerably and that the water is awash with the Accotink bridge.

Directors Chosen.

At a recent meeting of the board of directors of the Alexandria National Bank Mr. Lewis P. Summers, the collector of internal revenue for this district, and Mr. W. S. Andrews, the superintent of the Washington division of the Southern Railway, were elected members of the board. Mr. Summers takes the place of the late George R. Hill.

Race Riot in New York.

"S n Juan Hill," the district bounded by Amsterdam and West End avenues and Sixty-first and Sixty-third streets, New York, so-called because of its notoriety as a battle ground, was a scene last night of a furious race riot which required 250 policemen to quell after many shots had been fired and several persons had been seriously injured.

The trouble began shortly aiter 9 o'clock, when a policeman arrested Edward Connelly for attacking Henry Williams, a negro, and was pursued to the police station, with his prisoner by a mob of Connelly's friends, hurling showers of stones and other missiles. When the station houses reserves turned out the whole neighborhood was in an uproar, and blacks engaged in desperate struggles in the streets. Torrents of missiles were hurled from roofs and windows.

Within ten minutes not less than a thousand men, boys, and women, black and white, were engaged in furious combat. The small party of police was powerless, and re-enforcements were summoned. On their arrival a cordon was drawn around the whole district and strong patrols made repeated charges down the streets in a vain effort to restore order. They succeeded in taking a few prisoners, and were forced to retreat, fighting every inch of the way, and pursued to the station house by a howling mob.

Part of Backbone Removed.

Miss Lydia Entsminger, who was shot by Grover Ford on the night of June 25, is yet alive, at Lexington but with very little chance of recovery. Dr. H. Stewart MacLean and Dr. Carroll M. Baggarly, of Richmond, and Dr. Clarence Obenschain, the resident physician, performed an operation with the hope of saving her life. Miss Helen Orchard, a graduate nurse of the Virginia Hospipal, Richmond, assisted. A part of two of the verbrae was removed. The spinal chord was found to be crushed by one of the bones which had been forced upon it by the bullet. Miss Entsminger rallied after the operation, but since that time her condition grows less hopeful each day.
